

GEMS WORTH  
\$15,000 GONE

Banker Coppell's Country Home Entered By Burglars Who Secure Rich Jewels and \$700.

## THIEVES GET BIG BOOTY.

Not a Member of the New York Financier's Family Disturbed While the Burglars Quietly Worked.

SHORT CILLS, N. J., Oct. 11.—Fifteen thousand dollars worth of jewelry and \$700 in money were stolen from the country residence of Arthur Coppell, a banker, at No. 24 Exchange place, New York, last night.

Mr. Coppell has been spending the summer here with his family, living in a cottage that he rented in the spring. Sometime during last night burglars forced an entrance through a window in the kitchen. They passed through the dining-room and made their way up a winding staircase to the second floor.

## Got Rich Jewels.

Here the hallway runs the entire length of the house, and the burglars proceeded to the room occupied by Mr. and Mrs. Coppell, which is at the northeast end of the house. Going to Mrs. Coppell's bureau, they took from the top drawer a solid silver jewel case containing jewels valued at \$15,000. The box is twelve inches long, six inches wide and three inches deep.

After getting this box the burglars went to Mr. Coppell's bureau, which stands nearer the bed, and took from a drawer a leather case containing \$700 in money, of which \$35 was in gold. On the bureau was lying the key to a cabinet in which the silverware was kept, but this was overlooked by the thieves.

They took the jewelry case to the kitchen, where they pried off the lid of the jewel case, which was locked, and after removing the contents placed the box on a chair, which they shoved under a table. They threw away the leather case after taking the money out.

Among the articles stolen were: One gold watchchain, one gold miniature brooch, one gold pencil holder, one gold locket, a pair of silver sleeve links, a case containing six gold scarfpins, one diamond ring with two large stones, one opal lavalliere with three opals, one chain diamond brooch, one plain gold bracelet, a turquoise and pearl scarfpin, a diamond pin with five stones, one ruby band with five stones, one sapphire band with five stones, one opal ring mounted with diamonds, one diamond and sapphire ring with two stones, one pearl and diamond scarfpin and an oval turquoise and pearl brooch.

RICH WOMAN SHOT  
AT TWO BURGLARS

Mrs. Clara Stevens Pursued Barn Robbers, and Blood Stains Show One Was Hit.

(Special to The World.)

WHITE PLAINS, N. Y., Oct. 11.—Burglars who broke into the barn on the estate of Benjamin Stevens, a millionaire, at Harrison-on-the-Sound, were shot at by Mrs. Clara Stevens, the wife of the owner. Mrs. Stevens and her daughters were sitting in their library, when they heard a crash of falling glass.

Mrs. Stevens got a revolver and ran out of the house followed by members of the household, just in time to see two burglars running away with bundles under their arms. She fired at the fleeing men, but they managed to escape, although one of the robbers was wounded, as blood stains were found on the roadway.

While fleeing the men dropped their plunder, which was found a short distance from the house.

Mr. Stevens was absent from home at the time.

## HILL HERE; ODELL GONE.

Gov. Odell left this city on the 3:30 o'clock train for Newburg today. He said before departing that he had no news to impart either on politics or the situation.

Ten minutes before the departure of the Governor, former Gov. Hill arrived at the Hoffman house. He said to an Evening World reporter that he was not talking for publication these days.

Carriage Pole Broke, Frightening Team, and While Friend Jumped, Plucky Driver Held on Till Thrown, but Escaped Serious Injury.

(Special to The Evening World.)

PITTSFIELD, Mass., Oct. 11.—Gov. W. Murray Crane narrowly escaped serious injury in a runaway accident this afternoon. In company with Melvin O. Addams, of Boston, the Governor was driving to his home in Dalton, when the carriage pole broke.

Mr. Adams, when he saw that an accident was inevitable, jumped from the carriage, but Gov. Crane, who was driving, held on to the reins until he was thrown. He was able, however, to walk to his home and Dr. W. L. Paddock, of Pittsfield, was summoned. The doctor found no bones broken, but the Governor was badly shaken up. Mr. Adams escaped without any injury.

SOUTHWARK IS

A Broken Feed Pump Kept Her Three Days Overdue and occasioned Some anxiety About Her Fate.

The steamship Southwark, three days overdue from Southampton, passed Fire Island at 10:30 o'clock to-day, en route to the American Line pier, where she docked this afternoon.

It was learned that the delay was occasioned by a broken feed-pump and the eighty passengers were forced to take a slow trip across.

The boat is English built. She was turned out of the shipyards of William Denny & Bros., at Dumbarton, on the Clyde, in 1893.

PET DOG FOILS  
FIRE FIENDS.

Tiny's Bark Saves Show Troupe from Shocking Death at the Hands of Incendiaries.

(Special to The World.)

BINGHAMTON, N. Y., Oct. 11.—A diabolical attempt was made to incinerate the "Galatea" company while it was sleeping in quarters on the Binghamton Exposition Grounds last night. The troupe is known as Weston's "Galatea" Company and the members who were in the building were Mr. and Mrs. Bert Weston, of New York; Fred Miller and Mrs. Wm. H. Lovejoy, of Buffalo.

They had been packing their effects preparatory to leaving for Elmira, and had retired for the night, when awakened by the furious barking of Tiny, Mrs. Weston's pet dog.

Weston arose to investigate. He found a cigar box filled with rags soaked in gasoline, in which a lighted candle had been placed, lying close against the door of the room, and a quantity of gasoline had been sprinkled about. The men, who evidently had been watching the troupe, fled at the sound of the dog's barking.

The police were notified and three patrolmen, two detectives, with the patrol wagon, surrounded the buildings and grounds, but the men had made their escape. No reason can be given for the attempt.

## GIBRALTAR STRIKERS KILLED

Cavalry Troops Trample Band Seeking Slain Comrades' Bodies.

It is reported that ten persons were killed, including a woman and a child.

SIXTH RACE—Zoroaster 1, Slip-thrift 2, St. Finnan 3.

(Special to The Evening World.)

MORRIS PARK RACE-TRACK, Oct. 11.—What promised to be the most enjoyable day of the meeting was spoiled by rain. A mean drizzle fell all the afternoon. There was not enough of it to make the track heavy, and for this the crowd was silently thankful.

The card was the best of the meeting. The Champion Steeplechase, worth \$10,000, was the star fixture of the afternoon. A facetious racegoer remarked that the heavens were shedding tears at the thought of so much money being wasted on this branch of sport. This was the richest stake of the year for the timber-toppers.

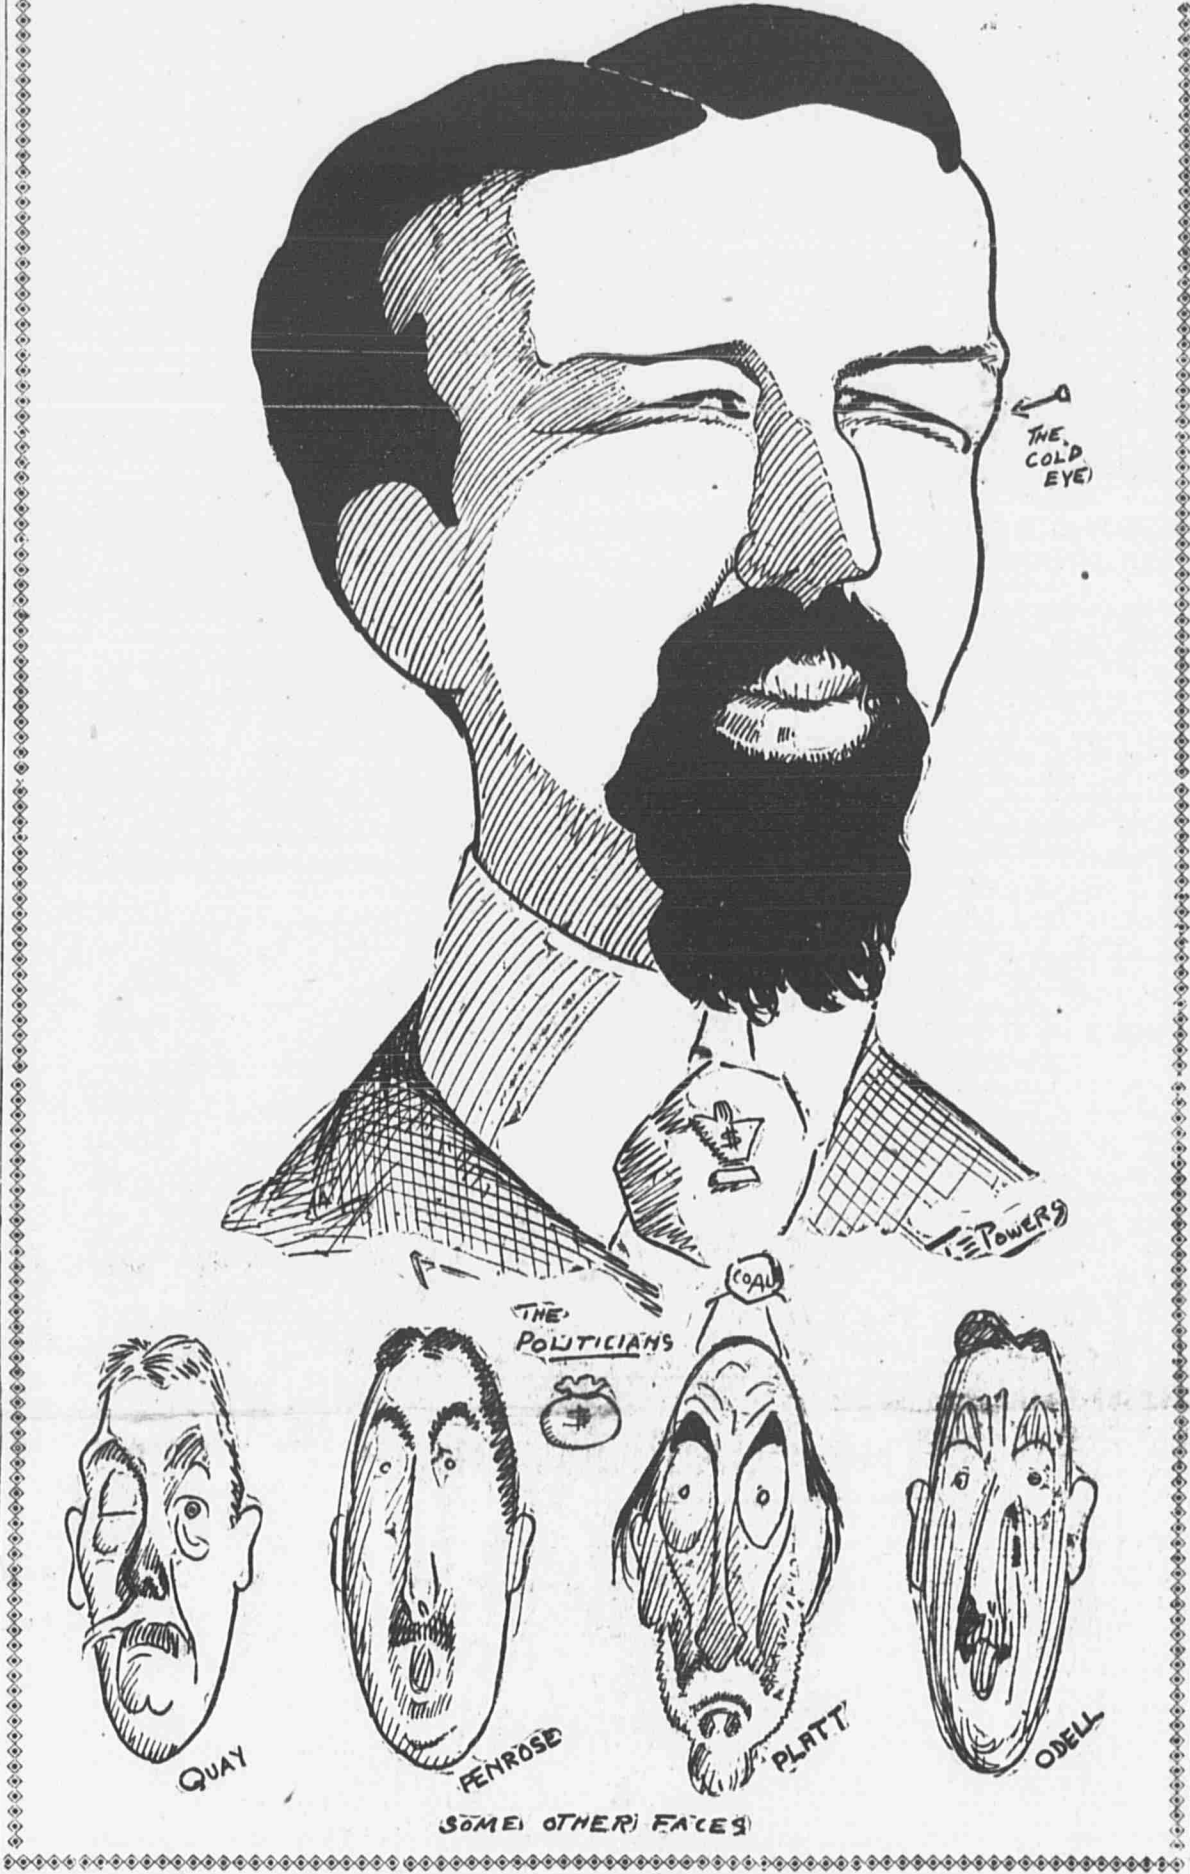

In the Nursery Handicap a rattling good field of youngsters was carded and the Hunter Handicap had the best of the three-year-old fillies carded. The last race also had a high class of horses. But for the rain the day's sport would have been perfect.

The opening event, into which Chuctanunda dropped with only 122 pounds to carry, was cut to pieces, only three of the fourteen carded starters going to the post.

The attendance was very large, fully 15,000 people being on hand. Had the weather been clear 25,000 would have put in an appearance.

Jockey Bullman to-day signed a contract to ride for John W. Schorr next year.

STUDIES OF GEORGE F. BAER, AND  
HIS SAD EFFECT ON FOUR STATESMEN."HOMELIEST MAN"  
ATTACKS PARENT.

Despondent Because Voted the Most Unprepossessing Man in Town, Assaults Father.

(Special to The Evening World.)

POUGHKEEPSIE, N. Y., Oct. 11.—Despondent because he was voted the homeliest man in town, Charles H. Hulbert, of Old Chatham, Columbia County, made a murderous assault upon his father on Wednesday. Hulbert threatened to kill his father and made a fierce assault upon the old man with a knife.

Dr. Michael and Dr. Dooley, who were near by at the time, interfered and saved the elder Hulbert's life.

Mrs. Hulbert says her son has been despondent ever since a voting contest last week decided upon the homeliest man in town and awarded the palm to Charles by thirty votes. It was not thought at the time that he felt bad over the distinction thus thrust upon him, but it appears that he brooded over the matter until it unhinged his mind and drove him to temporary insanity, in which condition he made the attack upon his father. Mr. Hulbert, however, was in no way responsible for the decision against his son. He is slowly recovering from his wounds.

He prescribed for the Senator and said the latter would be able to speak this afternoon. The parade scheduled for this morning was abandoned on account of heavy rain.

REPORT OF TALK WITH MORGAN

It was reported late this afternoon that after their conference on board the yacht Corsair Secretary Root and J. Pierpont Morgan went to the Union Club. From there, it is believed, Mr. Root sent a report to the President of his talk with Mr. Morgan.

Mr. Root soon left the club. Mr. Morgan took a seat in a small reception-room. He was closely guarded by attendants.

Many prominent business men sent their cards to him, but he refused to see them. At 5:30 o'clock he was in conference with two men whose names could not be learned.

NO FEDERAL  
TROOPS TO GUARD  
THE COAL MINES

Brig.-Gen. Gobin, of Pennsylvania, Says There Are Not Enough United States Soldiers to Satisfy the Operators, Who Seem to Want a Guard at the Door of Every House.

Chairman E. B. Thomas, of the Erie, Gives Out a Statement Embodying the Demands of the Operators on Which All the Conferences Have Failed to Agree—Root Has Long Conference With Morgan.

(Special to The Evening World.)

WILKESBARRE, Pa., Oct. 11.—Brig.-Gen. Gobin returned from Washington this afternoon. He admitted that he had seen the President and that he had discussed the strike situation with him, but declined to make known what passed between them.

When asked point blank if the President had referred to the statements of operators that Federal troops are needed, he said:

"I cannot discuss the subject of our conversation, but as I understand it the operators are not satisfied with the protection granted by the State.

"They seem to want a soldier at the door of every house in the coal region.

"The standing army of the United States would not permit such a protection.

"I think we can grant such protection as the Governor contemplated when he sent us here and enough to prevent injury to any man who wants to return to work."

It is not improbable that President Mitchell will call on Gen. Gobin this afternoon to assure him of his co-operation in preserving the peace.

ULTIMATUM OF COAL MEN  
MADE PUBLIC BY THOMAS.

For the first time since the beginning of the coal strike the propositions which the operators insist must be considered before they will discuss any other phase of the situation have been made public.

They were issued by the operators to-day with the announcement that the operators will hold no more conferences with Senators Quay, Platt and Penrose and Gov. Odell.

Here are the propositions:

"FIRST—The anthracite companies do not undertake in the slightest manner to discriminate against members of the Mine Workers' Union of America, but they do insist that members of that organization shall not discriminate against nor decline to work with non-members of such association.

## NO RESTRICTION ON EFFORT.

"SECOND—That there shall be no deterioration in the quantity or quality of the work, and that there shall be no effort to restrict the individual exertions of men, who, working by the ton, or car, may, for reasons satisfactory to themselves and their employers, produce such a quantity of work as they may desire.

"THIRD—By reason of the different conditions, varying not only with the districts, but with the mines themselves, thus rendering absolutely impossible anything approaching uniform conditions, each mine must arrange, either individually or through its committees with the superintendents or managers any question affecting wages or grievances."

Preceding the recital of these propositions, the statement issued by the operators reads as follows:

## NO MORE CONFERENCES.

"It was stated at the office of E. B. Thomas, Chairman of the Board of the Erie Railroad, this morning, that the reports appearing in the morning newspapers to the effect that there is likely to be on Tuesday of next week a further conference with Senators Quay, Platt and Penrose were incorrect. The statement issued by Mr. Thomas at the close of the conference yesterday morning (that a settlement was impracticable) definitely covered the situation.

"It was explained that in the early conferences with the Civic Federation certain propositions had been submitted by Mr. Thomas. These propositions are understood to be the basis of all negotiations on the part of the operators ever since and to which the operators adhere."

## MITCHELL'S COUNTER MOVE.

Then follow the propositions set forth at the head of this column. It was learned at the offices of the Erie to-day that at the conclusion of the conference at Senator Platt's office Thursday afternoon John Mitchell telephoned to all the locals in the coal region saying that he had come here at the request of politicians and that a settlement was not likely.

He announced that all non-union miners at present at work could, by throwing up their jobs, be admitted to the union if they applied for membership before Saturday night. As a result of this sixty certificated miners employed by the Erie quit and joined the union.

10,000 TROOPS DO NOT  
CAUSE RUSH TO MINES.

(Special Despatches from Staff Correspondents.)

WILKESBARRE, Pa., Oct. 11.—As careful a canvass as could be made under the conditions by Evening World correspondents shows that at
